Haysville Resident Honored at KRPA Conference

Haysville, KS (January 29, 2014) – Haysville resident and community activist Nancy Harris will be honored today at the Kansas Recreation and Parks Association annual award luncheon. The KRPA is recognizing Harris as the Distinguished Volunteer of the Year after she was nominated by Haysville Activity Center Director Georgie Carter and Program Director Kelsey Blue.

In the speech Blue gave to City Council on November 12th, 2013, she described Harris as “a superior member of our community” and praised her work with the Historic Park, Haysville Hometown Market and W.W. Hays Historic Village Christmas Celebration among others.

Harris’ generous spirit extends far beyond her work with the Haysville Historic Committee. She has also given her time and talents to the Haysville PRIDE committee, the Fall Festival and many other events and organizations.
