Understanding Firework Regulations

May 2013

Safety Tips to Remember When Detonating Fireworks...

- Never give fireworks to small children.
- *Adults should always supervise the use of fireworks by older children.*
- Always wear eye protection when lighting fireworks.
- *Ignite only outdoors and make sure the area is safe for the use of fireworks.*
- Alcohol and fireworks do not mix. Have a "designated shooter."
- *Always read and follow label instructions.*
- Never point or throw fireworks at a person, building, or animal.
- *Have a source of water handy, in case of fire.*
- Never shoot fireworks in metal or glass containers.
- *Light only one firework at a time.*
- Never attempt to re-light malfunctioning fireworks.
- *When lighting fireworks, never position any part of the body over them.*
- Never carry fireworks in your pocket.
- *Store fireworks in a cool, dry place.*
- Never experiment with homemade fireworks. They are dangerous and illegal.

Always purchase high quality fireworks from a reliable source

- All firework stands are required to have a permit from the City of Haysville. Never buy fireworks from anyone who does not have a City permit. This is illegal and dangerous.
- Always shoot fireworks in the jurisdiction you buy them. If you buy fireworks in Haysville, you can shoot them in Haysville. Fireworks purchased elsewhere may not be legal and should not be shot in Haysville.
- Fireworks debris should be cleaned up and properly disposed of when finished. Do not rely on the City to sweep and clean up debris left on the curb and street.
- Bottle rockets and other skyrockets that are mounted on a stick or wire are illegal.
- Licensed firework vendors will be able to start selling on June 27th through July 2nd from 8:00 a.m. to 10:30 p.m. and July 3rd and July 4th from 8:00 a.m. to midnight. Licensed vendors must discontinue selling by midnight on July 4th.
